

PREMIUM NATURAL ANIMAL HEALTHCARE

PRODUCT CATALOGUE

INSPIRED BY **NATURE.**
POWERED BY SCIENCE.

FOREWORD

Thank you for your interest in **VETRACARE**

As the name suggests, Vetracare is your one-stop brand for all things pertaining to veterinary care. We deal in the manufacturing and distribution of high-quality natural veterinary feed supplements and healthcare products across the globe.

As more people look upon the healing powers of nature, there is a rising shift in a more natural approach to cure ailments, be it humans or animals. We realise the importance of treating veterinary diseases with the gentlest care that the animals deserve.

This catalogue has all the information you will need to make a well informed decision. Once you are ready to take the next step, you can get in touch with us and we will be glad to help you in any way we can.

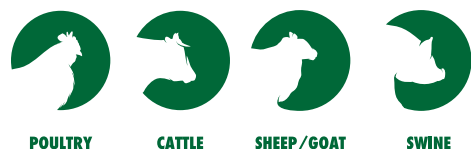

GOOD LUCK!

BLOAT-X

ANTI-BLOAT TONIC

Bloat is amongst the most uncomfortable and dangerous digestive disorders related to ruminants. The severity varies from mild digestive disturbance to fatal situations. VetraBloat-X is a safe, gentle and natural formulation that maintains ruminal pH, effectively relieves ruminal acidosis, prevents excess fermentation and effectively works against bloat in animals.

BENEFITS

- Prevents the formation of gases and fermentation
- Stimulates peristaltic movements
- Revives ruminal motility and maintains rumen PH

KEY INGREDIENTS

- **Zingiber officinale** exerts anti-oxidant, anti-ulcer, anti-inflammatory, anti-tumor, and gastro protective activities
- **Cuminum cyminum** is known for efficient nutrient utilisation to mitigate the emission of greenhouse gases
- **Allium sativum** protects against cadmium and mercury poisoning

DOSAGE

CATTLE	SHEEP/GOAT	SWINE
30ml-40ml orally twice daily for 7-10 days	10ml-15ml orally twice daily for 7-10 days	10ml-15ml orally twice daily for 7-10 days
Prevention: 1kg / ton of feed Treatment: 2kg / ton of feed		

COCCHI

INTESTINAL COCCI ELIMINATOR

Coccidiosis is a major parasite that can show up in the intestinal tract of animals. Their effects are seen through weight loss, unhealthy carcass, insufficient produce, development culls and even death of the animal. Chemical drugs can't be taken long-term due to their adverse effect on animals too. VetraCocci is an excellent natural alternative that prevents and eliminates cocci from the gut in a gentle yet effective manner while ensuring the animals' quick recovery

BENEFITS

- Effective prevention against coccidiosis
- Fights oxidative stress seen in clinical coccidiosis
- Repairs damaged epithelia, ensuring fast recovery

KEY INGREDIENTS

- **Acacia Concinna** is an effective anti-microbial against destructive pathogens
- **Sapindus mukoross** provides a robust, disease-fighting mechanism
- **Saccharum officinarum** offers host protection against infections via natural and adaptive immune response

DOSAGE: 3-5 days

POULTRY	CATTLE	SHEEP/GOAT	SWINE

DIGEST

DIGESTIVE STIMULANT

The general health and production performance of farm animals and birds largely depends on their ability to digest and assimilate vital nutrients. VetraDigest is a natural feed supplement that helps maintain proper secretion of saliva and gastric juices to aide intestinal movements. The formulation stimulates enzymic activity for efficient cellulose break-down, digestion, absorption and utilisation of nutrients leading to improved feed conversion and farm productivity. VetraDigest also helps maintain right balance between beneficial bacteria and pathogens in the intestines for better gut health.

BENEFITS

- Optimises appetite, digestion and absorption of feed nutrients
- Promotes good intestinal health
- Boosts digestive enzyme formation

KEY INGREDIENTS

- *Zingiber officinale* is universally reputed for its use in gastrointestinal disorders
- *Picrorrhiza kurroa* is traditionally used for its anti-inflammatory,
- *Balanites roxburghii* provides edible forage during dry seasons

DOSAGE: 3-5 days

POULTRY	CATTLE	SHEEP/GOAT	SWINE

DWORM

GENTLE DEWORMING REMEDY

VetraDworm is a 100% natural supplement that aids in the healthy function of the animal's digestive tract. The use of chemical treatment in animal husbandries are quick but short-lived with a high chance of recurrence. VetraDworm is an organic and safe alternative to rid animals of their digestive system's ailments and strengthening their resistance to such issues in the long run. This formulation blends easily into feed and water without hampering the taste. Being completely natural, VetraDworm can be used for both, prevention and cure of deworming.

BENEFITS

- Effective natural intestinal care
- Gentle on the intestine, hard on bacteria
- Ideal for both, prevention and cure

KEY INGREDIENTS

- *Azadirachta indica* has anti-inflammatory and anti-parasitical properties that aid in deworming
- *Centratherum anthelminticum* targets stubborn parasitical intestinal worms
- *Allium sativum* contains strong detoxifying agents that repel worms and other pests

DOSAGE: 7-10 days

POULTRY	CATTLE	SHEEP/GOAT	SWINE
 500ml/1000L in drinking water	 40ml Orally, twice daily	 15ml Orally, twice daily	 15ml Orally, twice daily

TOX

POWERFUL TOXIN BINDER

Mycotoxins are a group of chemicals produced by certain fungi when they get a conducive environment. Toxins are metabolites of fungi / molds which are absorbed from poultry gut and hinder the normal body functioning of bird. The major problems are loss of nutritive value, change in physical properties, reduced growth, poor hatchability and fertility. VetraTox aides in fighting the growth and spread of these harmful Mycotoxins and promoting better growth rate.

BENEFITS

- Binds and neutralises mycotoxins
- Inhibits mold growth
- Increases produce rate

KEY INGREDIENTS

- *Moringa oleifera* aides in killing pathogens
- *Curcuma longa* extracts inhibit fungal aflatoxin production by 90%
- *Allium sativum* combines with the heavy metals in the body, promotes excretion through bile, and protects against cadmium and mercury poisoning

DOSAGE: 3-5 day

POULTRY	CATTLE	SHEEP/GOAT	SWINE
 Prevention: 500ml/1000L monthly Treatment: 1000ml/1000L during infection in drinking water Prevention: 100g / ton of feed Treatment: 250g / ton of feed	 50-60ml Orally, twice daily	 8-10ml Orally, twice daily	 10ml-20ml Orally, twice daily

Prevention: 1kg / ton of feed
Treatment: 2kg / ton of feed

X

DIARRHEAL CARE WITH MINERAL REPLACEMENT

VetraX is a natural feed supplement with multi-faceted beneficial properties to keep coccidia under control in order to promote growth and better utilisation of nutrients. This excellent natural formulation contains medicinal herbs known to possess anti-bacterial, anti-diarrheal, anti-dysentery, anthelmintic, carminative and digestive properties, and is also useful against amoebiasis and colic pain.

BENEFITS

- Anti-peristaltic, anti-diarrheal and anti-dysenteric supplement
- Prevents the incidence of coccidial infections
- Maintains the natural immunity of animals

KEY INGREDIENTS

- *Holarhena antidysenterica* is an anthelmintic, astringent, antidyenteric and digestive, and is very useful in curing amoeba infections
- *Cyperus rotundus* is used in treating diarrhea, dyspepsia, herpes and more
- *Acacia catechu* relieves dysentery, diarrhea and stomatitis

DOSAGE

POULTRY	CATTLE	SHEEP/GOAT	SWINE

BEST SELLER

PLANTA-X

GENTLE PLACENTA EXPELLANT

1L

VetraPlanta-X is a natural tonic and ecobolic which helps in expulsion of retained placenta, ensuring a complete uterine clean-up to prevent future complications. It induces mild uterine contractions that separate cotyledons and caruncles. The ingredients in VetraPlanta-X regulate lochia discharge minimizing the chances of uterine infection and defends the uterus against any bacterial growth. This formulation can also be used to support the manual removal of placenta.

BENEFITS

- Natural placenta expellant
- Fights post-natal infections
- Prevents future fertility issues

KEY INGREDIENTS

- *Gloriosa superba* is an excellent ayurvedic placenta expellant
- *Plumbago zeylanica* has anti-bacterial properties along with quick placenta expulsion enzymes
- *Peganum harmala* is a great muscle relaxant that helps postplacenta expulsion

DOSAGE

Feed after calving and repeat single dose after every six hours till the placenta is shed completely (usually within 24 hours). Continue to administer twice daily for the next 3-4 days

ESSENTIALS RANGE

ACDFIER

NATURAL PH BALANCE RESTORER

VetraACDfier is a great combination of organic acids that help balance out intestinal PH. Being an anti-bacterial and anti-fungal, it focuses on eliminating harmful bacterial like salmonella, E.coli, etc. and controls their recurrence. It generates a healthy enzymatic activity for better digestion which not only positively impacts animal performance but also plays a significant role in their growth.

BENEFITS

- Maintains a healthy intestinal PH balance
- Anti-bacterial and anti-fungal
- Aides healthy growth

KEY INGREDIENTS

- Sodium formate is widely recognised as a very effective feed acidifier
- Citric acid supports essential nutrient uptake
- Asitic Acid is a natural PH balance restorer

VIRAL-X

STRONG AND EFFECTIVE ANTI-VIRAL

The ingredients in VetraViral-X inhibit the development of viruses and boosts the immune system, which allows the body to fight back the attack of viral pathogens. VetraViral-X not only fights common viral infections but also boost the body's ability to stay immune for a long time. It also has shown improved cardiovascular functions, digestive performance and anti-inflammatory support.

BENEFITS

- Fights common colds, Newcastle disease and bronchitis
- Effectively eliminates viruses that cause such diseases
- Strengthens the immune system

KEY INGREDIENTS

- Azadirachta indica is a renowned anti-oxidant used for the prevention of various diseases
- Allium sativum has shown anti-viral, anti-bacterial, anti-fungal and antioxidant abilities
- Phyllanthus emblica helps alleviate pain, fight cold, improve liver health, and promote wound-healing

DOSAGE

POULTRY	CATTLE	SHEEP/GOAT	SWINE

DSTRESS

CALMING ANTI-STRESS SUPPLEMENT

Animals endure stress more often than we think and reasons can be climate changes, transportation, feed change, high production, etc. VetraDstress helps in maintaining a healthy carcass and produce that may get affected when animals get stressed or excited due to such conditions. Its natural formulation helps minimise stress-induced ailments and is great to maintain overall good health and productivity.

BENEFITS

- Helps animals adapt to new environments
- Prevents transportation stress
- Optimises animal fitness and growth

KEY INGREDIENTS

- Ocimum sanctum address physical, chemical, metabolic and psychological stress through a unique combination of pharmacological actions
- Withania somnifera is an ayurvedic herb that helps treat anxiety
- Emblica officinalis significantly reduces the adverse effects of stress on physical and mental health

DOSAGE

C

REHYDRATION SUPPLEMENT WITH MINERAL REPLACERS

VetraC contains electrolytes in addition to sucrose which helps animals withstand heat and travel stress. The electrolytes, sodium, chloride, potassium, citrate and Citric present in VetraC can be used for recovery of electrolyte and acid/base imbalances.

BENEFITS

- Provides energy to animals
- Rehydrates the body and restores electrolytic balance
- Restores lost minerals

KEY INGREDIENTS

- Potassium Chloride helps cells, kidneys, heart, muscles, and nerves work properly
- Sucrose replenishes the body of important minerals lost, and provides a boost of energy
- Sodium Chloride maintains plasma volume and plasma sodium levels

HEAT

SEXUAL STIMULANT FOR FEMALE ANIMALS

Failure to show sexual interest is common in pigs and cows, affecting 30% of the animals. VetraHeat is a special formulation of herbs that aid in the increase of libido in female animals. This supplement also aides in overall reproduction performance and health. Apart from enhancing sexual appetite, VetraHeat speeds up post-natal recovery, allowing quicker reproductive cycles to take place.

BENEFITS

- Increases sexual appetite in female animals
- Aides in reproductive performance
- Quick post-natal recovery

KEY INGREDIENTS

- Zingiber officinale extract is proven to induce sexual desire amongst female animals
- Abroma augusta is a natural mood booster
- Citrullus colocynthis acts as a natural aphrodisiac

LEAN

FOR LEANER, TASTIER MEAT PRODUCTION

VetraLean is a 100% natural formulation that helps keeping meat-producing animals in good shape. It aids in the production of lean meat and is generally helpful in growth. This formulation detoxifies the body which in turn helps improve and increase the taste of the meat.

BENEFITS

- Helps produce lean meat
- Detoxifies the body
- Improves the taste of meat

KEY INGREDIENTS

- Garcinia cambogia helps trim the fat to produce leaner meat
- Gymnema sylvestre help curb the appetite while reducing blood glucose levels
- Trigonella foenum-graecum aids in the production of safer, lean meat

K

NATURAL KIDNEY TONIC

VetraK is a blend of selected natural herb extracts known for their beneficial actions for the kidney's functions. It helps in the recovery from infectious conditions such as leptospirosis or other bacterial and viral urinary tract infections. VetraK acts as a diuretic, anti-urolithic and helps in urinary tract infections. It also prevents stone formation and removes pre-formed stones from the kidney, rendering the animals healthy and promoting their growth.

BENEFITS

- Diuretic, anti-urolithic and cures UTIs
- Prevents kidney stone formation
- Promotes healthy growth

KEY INGREDIENTS

- Zingiber officinale is a natural kidney and stomach cleanser that regulates the intestinal functions
- Trachyspermum ammi relieves diarrhea and colic due to its stimulating, carminative and anti-spasmodic properties
- Andrographis paniculata is a good astringent, bacteria-killing agent, painkiller and a great treatment for worms

LIB

MALE REPRODUCTIVE PERFORMANCE BOOSTER

VetraLib is pure natural formulation to enhance male animals' libido, semen quality and quantity. It does not contain any type of heavy metals and ensures a boost of reproductive performance. It stimulates the brain and nervous system for a reduced reaction time.

BENEFITS

- Improves reproduction performance in male animals
- Reduces reaction time
- Increases sperm count, motility and viability

KEY INGREDIENTS

- *Withania somnifera* is a potent adaptogen and aphrodisiac
- *Mucuna prurita* helps in supporting fertility, improving sperm count and working efficiently on improving the condition of the reproductive organs
- *Trapa bispinosa* is used to improve sexual potency

LIV

DETOXIFY, REGULATE AND STRENGTHEN THE LIVER

VetraLiv is natural blend that enhances liver functions and protect birds from variable liver as-saults. It contains extract of natural ingredients that effectively improve liver functions thus ensuring better feed utilization, improved productivity, repair of damaged liver cells and stimulation of nucleic acid synthesis. This gentle, yet effective, formulation improves the metabolism, and enhances growth, weight gain and liveability in animals.

BENEFITS

- Stimulates sluggish liver cells to improve the liver's functioning
- Improves metabolism
- Enhances growth, weight gain and overall well-being

KEY INGREDIENTS

- *Tylophora indica* promotes metabolism that purifies the blood, boosts the immune system and its functions to protect the body
- *Eclipta alba* is a great health tonic used for relieving ringworm, alopecia, spleen, liver enlargement, jaundice and hepatitis
- *Andrographis paniculata* has been used for many years to relieve jaundice and liver disorders

POWER RANGE

25Kg

METHIO

SYNTHETIC METHIONINE REPLACER

VetraMethio is the natural alternative blend for DL-methionine. The herbs used in VetraMethio also have enzymes that act as a methyl donor and prevent excess fat build-up in the liver. This helps in the optimal energy, metabolism and productivity of animals. The deficiency of methionine can lead to drop in produce quality, retarded growth, immunosuppression, reduced muscle mass and body fat. Due to its nature, the bio-availability and bio-activity of VetraMethio is much higher than synthetic methionine.

BENEFITS

- For maintaining optimum growth
- Enhances production and quality of produce, early weight gain and liveability
- Improves overall immunity

KEY INGREDIENTS

- *Trigonella foenumgraecum* aides in milk production in cattle
- *Triticum vulgare* helps in the digestion of food with ease. It is gaining traction in ruminant diets, replacing a portion of corn and barley in rations. Its amino acid distribution is better than that of most cereal grains.

DOSAGE

1 kg of VetraMethio can replace 1 kg of synthetic DL-Methionine with higher and sustained activity

25Kg

CHOLINE

SYNTHETIC CHOLINE CHLORIDE REPLACER

VetraCholine is a natural source of 100% assimilable natural Choline and Biotin. It is a methyl donor amino acid necessary for maintenance of cell structure, cell membrane integrity, normal maturation of bone and cartilage, transport of fat and acetylcholine synthesis. Being a limiting amino acid, it has to be acquired via feed and VetraCholine ensures effectiveness, gently. It is an organic replacer supplement of synthetic Choline Chloride.

BENEFITS

- Regulates metabolism and prevents fatty liver syndrome
- Natural Biotin aids cell growth, fatty acid production and protein absorption
- Increases weight, reduces mortality and enhances produce

KEY INGREDIENTS

- *Allium sativum* combines with heavy metals in the body to promote excretion through bile
- *Citrullus colocynthis* is an effective anti-inflammatory and analgesic used to treat liver problems
- *Achyranthes aspera* is a natural laxative useful in maintaining gas trointestinal health

DOSAGE

300gm of VetraCholine can replace 1 kg of synthetic Choline Chloride with higher and sustained activity

LYSINE

SYNTHETIC L-LYSINE REPLACER

VetraLysine is the blend of the important liver-stimulant herbs that mimic the effect of L-lysine in the body. Lysine is an essential amino acid for optimum growth and development through calcium absorption, carnitine synthesis, production of hormones, enzymes and antibodies. It also aides in the formation of muscle protein, collagen, connective tissue, skin, tendon and cartilage. VetraLysine helps improve the absorption of calcium from the digestive tract and prevent loss of calcium in the urine, ensuring optimum protein synthesis and energy utilisation in animals.

BENEFITS

- Better absorption and assimilation of calcium
- Prevents fatty liver syndrome
- Enhances produce quality

KEY INGREDIENTS

- *Trigonella foenumgraecum* is a natural source of soluble dietary fiber
- *Mucuna pruri* is a promoter of overall well-being for cattle and also a good relaxant
- *Moringa oleifera* aids in the mass gain, produce increase and digestion of livestock

DOSAGE

1 kg of VetraLysine can replace 1 kg of synthetic L-Lysine with higher and sustained activity

POWER

POWERFUL NATURAL IMMUNITY BOOSTER

Nutritional deficiencies, stress, disease conditions, chemical medication, environmental pollution, high growth and production etc., are known to cause weakening of the immune system, that predispose animals to various diseases. VetraPower is a natural concoction that helps combat such problems while boosting the immune system at the same time.

BENEFITS

- Immunity and metabolism booster
- Improves an animal's overall well-being
- Enhances the body's resistance to ailments

KEY INGREDIENTS

- *Withania somnifera* is popular used for boosting immunity and is also used as an adaptogen to help the body cope with daily stress
- *Tinospora cordifolia* is used to enhance the immune system support
- *Asparagus adsendensis* is widely used to improve the general well being by enhancing the body's resistance capabilities

DOSAGE

1kg / ton of feed

GROW

NATURAL GROWTH PROMOTER

VetraGrow contains blend of natural herbs which act as a hepato-protector and help in overcoming various liver ailments. This great natural blend helps to prevent and overcome intestinal disorders, improves produce and aids in the healthy growth of animals, the natural way.

BENEFITS

- Strengthens the immune system
- Maintains health and liveability of animals
- Ensures healthy produce

KEY INGREDIENTS

- *Withania somnifera* promotes physical and mental health, restores the body and increases longevity
- *Tinospora cordifolia* is an immune system boosting herb
- *Phyllanthus emblica* has anti-ageing properties and is used for rejuvenation

VITAMINS RANGE

ABC

AMINO ACIDS WITH B-COMPLEX & VIT-C

VetraABC is a natural B-complex enhanced with Vitamin C. It is great in aiding the growth rate of animals and their produce. B-complex is an essential supplement for the proper operation of numerous physiological functions, like stress, transporting-stress, diseases, high temperatures, etc. In addition, VetraABC helps in maintaining healthy metabolism, skin and coat, and in enhancing the immune system.

- BENEFITS**
 - Increases metabolism and growth rate
 - Fights stress-related conditions
 - Increases weight gain
- KEY INGREDIENTS**
 - Amino acids** help with various processes such as building muscle and regulating immune functions
 - B-Complex** is essential for the metabolism of nucleic acids, proteins, fats and carbohydrates
 - Vitamin C** helps protect the liver and regulate its functions

DOSAGE			
POULTRY Chick: 400ml/1000L Broiler: 1000ml/1000L Layer: 2000ml/1000L in drinking water, 7-10 days Prevention: 100g/ton of feed Treatment: 250g/ton of feed	CATTLE 100ml Orally, daily	SHEEP/GOAT 50ml Orally, daily	SWINE 50ml Orally, daily

CALP

NATURAL CALCIUM PHOSPHORUS WITH VITAMINS

Calcium is one of the most important macro minerals in poultry diet. It has got many important roles in the body which include clotting of blood, bone formation, etc. Deficiency may result in unhealthy produce, poor skeletal development, delayed blood clotting, slow weight gain etc. VetraCalP contains all the essential vitamins and minerals required for optimum health and growth.

- BENEFITS**
 - Supports bone formation
 - Reduces fatigue and deformation
 - Aids in optimum growth
- KEY INGREDIENTS**
 - Elemental Calcium** is important for overall health - nervous system, muscles and bone strengthening. In cattle, it can affect the quality of milk produce.
 - Elemental Phosphorus** prevents growth and feed deficiencies, decreased appetite, reproduction deficiency and weak/fragile bones
 - Vitamin A** is an important immune system nutrient

MIN-C

NATURAL VIT-C FOR OVERALL HEALTH

Vitamin C is essential for maintenance of health and the lack of it in an animal's diet may lead to various deficiency syndromes. It is very useful in heat stress and prevents mortality caused due to heat stroke. VetraMin-C is a natural blend which mimics the bio-activity of Vitamin C making it an essential vitamin supplement to include to an animal's feed.

- BENEFITS**
 - Enhances overall immunity
 - Maintains health and liveability
 - Positively affects fertility and growth
- KEY INGREDIENTS**
 - Phyllanthus emblica** is the best natural source of Vitamin C
 - Ocimum sanctum** is known to relieve almost all ailments including common colds, digestive problems, breathing problems, stress, blood sugar and heart problems
 - Tamarindus indica** contains important vitamins and minerals like phosphorus, calcium, vitamin C and niacin

CLEAN

ANIMAL-FRIENDLY FLOOR DISINFECTANT

BENEFITS

- Highly efficient germicidal activity
- Sporicidal, fungicidal, anti-bacterial and viricidal
- Eco-friendly and biodegradable

KEY INGREDIENTS

VetraClean+ is an effective natural disinfectant and deodoriser that can be used on its own and is also compatible with most disinfectants. Apart from the essential oils found in VetraClean, it is enhanced by the presence of Ocimum sanctum, Trachyspermum ammi and Curcuma longa – all powerful anti-microbials.

DOSAGE

- Dilute 10ml in 1litre of water, depending on the severity of the cleaning needed. Warm/hot water is recommended for best results.
- VetraClean can be used in pressure washers, for sponge-cleaning, cloth or brush.
- Always wear rubber gloves/boots while cleaning.
- Thoroughly wash hands and equipment after use.

CLEAN+

POWERFUL FLOOR DISINFECTANT (ANIMAL-FRIENDLY)

BENEFITS

- Effective cleaner and deodoriser for animal facilities
- Can be used on barn walls and floors
- Great for cleaning animal transportation trucks

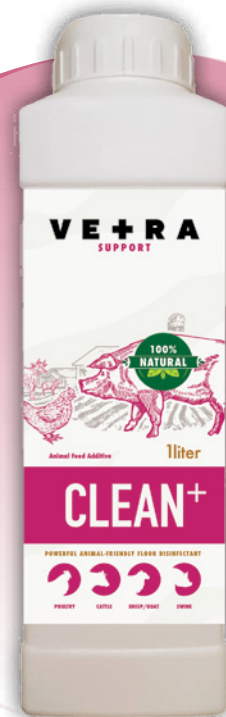

KEY INGREDIENTS

VetraClean+ is heavy-duty natural alternative to chemical disinfectants that run a high risk of harming farm animals. It is derived from a combination of Thyme, Basil, Eucalyptus, Til and Neem oil that demonstrate high germicidal activity. Being biodegradable, it works efficiently in mild cases of CRD and is generally a powerful tool as a sporicidal, fungicidal, anti-bacterial and viricidal.

DOSAGE

- Dilute 10ml in 1litre of water, depending on the severity of the cleaning needed. Warm/hot water is recommended for best results.
- VetraClean can be used in pressure washers, for sponge-cleaning, cloth or brush.
- Always wear rubber gloves/boots while cleaning.
- Thoroughly wash hands and equipment after use.
